XXV. Trilateral Czech-
German-Polish
Nephrological Meeting &

Young Investigator Forum

Dresden

September 27th – 28th 2019

Invitation

Dear colleagues,

We are pleased to invite you to join our upcoming Trilateral German-Polish-Czech meeting and Young Investigator Forum on September 27th and 28th 2019 in Dresden.

This meeting has become a platform for clinical and scientific interaction between our countries and stimulates the exchange of our knowledge.

The meeting will be held in association with the Federation of Saxonian Nephrologists, the Czech Society of Nephrology and the Lower Silesian Division of the Polish Society of Nephrology.

We hope that we composed an interesting programme focusing on the important formation of future collaborations and the interest and recruitment of young scientist.

Participants are cordially invited to submit abstracts of their recent scientific work by August 15th (by e-mail to christian.hugo@ukdd.de) and present their data in oral form or just participate without any abstract.

We are looking forward to seeing you soon in Dresden.

Prof. Dr. Christian Hugo

Dr. Alexander Paliege

Program

Friday, September 27th

12:00-13:00	Arrival/ Light lunch
	<u>Kidney transplantation</u>
13:00-13:20	AB0i transplantation or kidney-paired donation? Prof. O. Viklicky, Prague
13:20-13:40	Antibody-mediated rejection – clinical controversy Dr. M. Banasik, Wroclaw
13:40-14:00	Role of complement activation in renal transplantation Dr. D. Kaminska, Wroclaw
14:00-14:20	Sporting activities among kidney transplant recipients – benefits, risks and uncharted areas? Dr. E. Pawlowicz, Wroclaw
