UNIVERSITY RESEARCH GROUP FOR PEDIATRICS AND
NEPHROLOGY**

Budapest, 10/01/2011

Dear Colleague,

The 18th Budapest Nephrology School (Nephrology, Hypertension, Dialysis, Transplantation) under the auspices of ISN, ERA-EDTA and ISP will be held between 26 -31 August, 2011 with the participation of distinguished international faculty. One of the best known refreshing courses on nephrology has attracted many young physicians from Europe and around the world during the past decade. The course is designed to meet the requirements of 30 European/US CME credit points. For Hungarian participants the course is accredited by OFTEX for 50 credits. We would like to encourage you to participate this year again.

Based on our well accepted experience from last years we are going to have a poster session also in this year where Participants may demonstrate their own research results in basic and clinical sciences. We are going to have the "Meet the Professors" session too which was a successful initiative made last year where Participants may discuss their experiences and observations with the distinguished international faculty.

Participation fee (650 Euro - early bird, 700 Euro - late bird) includes: attendance at nephrology refresher CME course; certificate of attendance; coffee breaks and lunches; attendance at the 9th International Wine and Health Symposium; visiting an organ concert at St. Stephen's Basilica; Sightseeing Tour with Parliament visit; attendance at the Evening Danube Cruise; Farewell Reception; support for buying the book of Nephrology, Hypertension, Dialysis, Transplantation (Eds: Thomas E. Andreoli, Eberhard Ritz, László Rosivall) and Hungarian hospitality.

ERA-EDTA grants are available (www.ndt-educational.org/Budapest2011.html).

For further information please visit the official website: www.bns-hungary.hu

Please forward this invitation also to all your young colleagues who would be interested in participation.

Kind regards,

László Rosivall
